How Witches are Stealing Christian Face Book Pages and also Web Sites

EXPOSURE OF:

Fake Face book Accounts on Face Book

Christian FB Accounts are being stolen by Witchcraft Covens – Witches and Wizards

Since Nicole has stolen many Christian and web sites in my name with a false identity, I am using her and her partner's real name while exposing the horrible crime that is happening on face book.

Nicole denies that she has not participated in this crime. However, I have probably 5000 or more Pieces of evidences that clearly reveal that she has indeed, with her partner Daniel, and others that she in fact did. I personally disengaged these Christian Face book pages from fake face book pages that were copied from my original FB pages, plus my six group pages. I am talking to legal people now concerning this atrocity crime which if the Christian party discovers what Nicole who is known by multitude names, will appear as if I did it.

- She claims that she never used my personal name Pat Holliday to collect money from “Go fund me,” to beg for people to give her and Danny money. Well, she used my name 9-times. Plus, she used a Face book page Supernatural Christianity to “Go fund me,” see a copy below. Be very careful about befriending people on FB. You have everything to lose such as me and millions of Christian Ministries such as mine. In friending you may be as harmless as a mind game, or they may be after much more, such as your money, goods and property and your good reputation..

Nicole Mcleod shared a link to the group: Supernatural Biblical Christianity. May 22, 2016 · Hello this is Nicole and Daniel here we went to get a visa the 9th of may in London (for Daniel my Fiancee to come to the United States) and it was a Non Fundable Visa. So we lost with travel on a bus four hours there and back and cost of Taxi's and the cheapest Hotel we could find about 450 dollars in total. Daniel wants to try again & reapply for his Visa in Belfast, Ireland but since we lost all of Our

money it makes it hard for both of us to afford it, we have been Heartbroken at losing all this money especially and for him not being able to meet my Family. we Hope people might open their hearts to help us both and every Donation counts. God Bless you all!. Nicole&Dan

- In my opinion, FB is a very dangerous place to gather socially to visit with your friends. I blame them that people can go up and collect money using other people's accounts. Like the billions of Christians that are presently using FB and other social medias, I do not know much about how computers work. We don't know the dangers of using Face book, especially the fact that FB is not protecting you from such people as Nicole and her partner Danny. Never, would I would have believe that FB would allow witches and wizards to take over Christians pages and Web sites and be able to drain resources from them plus playing the impostor of that person, stealing their identity or steal valuable information from them. The impersonator is able to use the information to manipulate some else.

The Lord revealed to me how these thieves are stealing Christian FB pages and millions of Christian Websites and draining their financial resources from them. They have actually created a FAKE FACEBOOK SITE AND ALSO A FAKE WEB SITE.

It has been copied exactly like the original face book site. The criminal then takes a photo shot of your page and through software "sink-links" that fake page to your Face book newsfeed. They are able to then copy and pretend to be your live page that is operating on the Real Face book account. Remember, I am not a computer person, but I'll try to tell you in layman's terms.

After they make a duplicate of your page and attach it to the real face book page, they lay the fake page over your real live page and then they copy and paste real comments from your real pages. Then your information is diverted from the massive stream of the real Face book to the Fake face. Your finances and viewership becomes extremely limited.

WITCHES AND WIZARDS ARE ATTACKING CHRISTIANS AND CHRISTIAN MINISTRIES

FAKE FACEBOOK ATTACK

This is a copy of my statement to Face book last week, Friday night Aug, 2017

My name is Dr. Pat Holliday

Prholliday@hotmail.com

Nicole McLeod and her husband, Danny and other people stealing my name and joining it other people's pages. They are joining my name to them and somehow controlling them. My page is <https://www.facebook.com/pat.r.holliday> which may or not be a duplicate page. I do not know. This

Trump page <https://www.facebook.com/groups/pumpedfortrump/> was created by Nicole. Pat R Holliday She somehow stole my home page and used my identification on this group page ... I could click into it but did not have control of it. Also, she hung around this ministry for several years pretending to be a convert.

I have another page Pat Holliday that has photo of Jacksonville Fla, my home town ... she has control over that page too.... I put up the first Pump Trump group page... <https://www.facebook.com/groups/1102891353055753/> I think that she has control over that page too. And this page too... <https://www.facebook.com/groups/161405950580394/> which I created.

She uses the names, Dr. Pat Holliday, and Holiday spelled one on L. Also the names of my children and grandson.

She connects my name to other peoples and somehow controls their pages and they probably think that they are connecting to me... I don't know any of these people. I also have received reports that she has go fund me using my name.... If you look at my FB pages, you will see that I have been for weeks trying to disconnect my name from being used. She uses my family and friends names ...and names that I do not know. My friends will be happy to tell you what they know.

I am a Christian Minister for 45 years... You will see that there are many names that I have blocked... I am not computer smart but I give up... I have tried to report this but I just have not understood how..... finally I found this place to tell someone... I have an internationally ministry, with radio program and many books on Amazon. If you would like to talk to me, my phone number is 904 733 8318. Dr. Pat Holliday, living in Jacksonville, Fla.

Also, I just finish disconnecting my membership from hundreds of other web sites. I never joined these web sites..... It seemed to me that she was joining me to these web sites too. Remember I am not computer smart that when I disconnected from these web site, disappear off my page. There are so many connections, I wonder if she and her husband are building a fake face book network and a fake web page network.

I have some groups that are mine.... Pump Trump, Supernatural Christianity that I think she has control over them... Plus about four that I think that she does not.....You will see them hanging on Pat Ruth Holliday. I believe that she and her husband are in this scam together... They are living in England.

Thank you for your help.

Dr. Pat Holliday

Witchcraft on the Internet

Witchcraft is alive and well on the internet. In fact, the Internet was created by the Globalist invented the World Wide Web and called its search engine, WWW. World Wide Web. Com. The letter W means 6. Therefore, the WWW means 666 to their esoteric language. These Globalists worship their pagan

gods in groves, such as, Bohemian Groves in California. So, these men are the highest wizards in the world.

Many Christians took to the web as the modern highway of the world; it was the modern highway to the world ancient Rome. The early Christians went right into the witchcraft cities of the world to preach Jesus Christ had died on cross for their sins and had risen from the dead for the salvation. They did an excellent job of spreading the Gospel. So, we Christian ministers went on the web to preach Jesus' Good News.

However, as we walked into the Devil's Territory totally unprepared that The Web is exactly as it is suggested.... A world-wide spider web which is controlled by his selected agents. There are many traps that all Christians just blindly walked into.... Face book is turning out to be the most dangerous thing that the Body of Christ has ever faced.

Face book is now the most mind-controlled place in the world. In addition, it has also the most anti-Christian hating place in the world. Witchcraft is free to promote them. They are covens everywhere and now, they pretend to be Christians, speak Christianize but work their powers against Face book Christians by allowing these wizards to steal the Christian Messages and also taking their works and throwing them into a FAKE FACEBOOK TRASH CAN. Most Christians are totally blinded to this powerful work Satan.

I will be sharing on my blogtalkradio program about how God revealed to me the massive witchcraft plan that is totally shutting down the Christian Gospel by powerful witches and wizards. Don't miss this program and spread it around as far as you can. Do have your original FB page?

wikiHow to Reveal a Fake Facebook Account

Face book has put together a social network of over a billion people. *Some* of those people do not have the best interests of their fellow humans at heart. They may seek you out to get information, to steal your identity, or even to destroy your reputation. How do you guard against predators like that? We'll show you a few ways to protect yourself and your family on Face book. Read on!

Steps

1. 1

Know why it is important to spot a fake account.

First and foremost, somebody with a fake account is—almost by definition—a con artist. Unless you run with that crowd, you probably don't want them in your life.

- While they may present themselves as a friend, or even a romantic interest, their sole purpose in friending you may be as harmless as a mind game, or they may be after much more, such as your money, goods and property.

- The impostor might also be setting you up to steal your identity or valuable information from you that they can use to manipulate someone else.

2

Don't talk to strangers.

At the least, think twice about accepting friend requests from people you don't know and who are not connected to you through legitimate, verifiable means. If you're not sure, do the following:

- Ask them questions: What makes them want to be your friend? How did they find out about you? Who do you know in common? By clicking on their name, you can see if you have any mutual friends. If you do, contact your friend. If not—that's a big red flag.

Do a little detective work concerning your new friends.

4

Read the profile carefully.

Does what is being said add up or are there some really hard-to-believe statements being made?

- For example, maybe there is a photo of a very young person next to claims of being a professor or a CEO. Does the embellishment seem more than the usual "making oneself look good" and come across as simply implausible? Trust your own senses on this one. You could even ask for proof of some of the things the person has stated—they're approaching *you*, after all. You have every right to make sure they're legitimate.ⁱ

Hacked and Fake Accounts

Your account should represent you, and only you should have access to your account. If someone gains access to your account, or creates an account to pretend to be you or someone else, we want to help. We also encourage you to let us know about accounts that represent fake or fictional people, pets, celebrities or organizations.

Check out their profile picture. Is there only one? Is it way too perfect or does it seem touched up in any way? Maybe you've seen it before? A good photo — or a touched up one — may not be a negative sign, but it could be that they've simply scoured Google for an attractive photo, thinking nobody would ever find out. Try this:

- Click and drag their profile picture to your desktop.
