"If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land." (2 Chron. 7:14).

When anyone becomes preoccupied with thoughts that are an abomination to the Lord God Almighty there is going to be trouble. According to (II Cor. 10:4-5), we must reject thoughts that are contrary to God's word and bring into captivity every thought to the obedience of Christ. If a person refuses to do that, (Rom. 1:21), reveals the consequences. "Because that, when they knew God, they glorified him not as God, neither were thankful; but became vain in their imaginations, and their foolish heart was darkened." A darkened heart is serious business!

TRUMP EXECUTIVE ORDERS CANCELS OBAMA'S PORTALS TO HELL

Since Donald Trump took office early this year he has signed a long and ever-growing list of executive orders, hoping to fulfill a number of his campaign promises.

NEW YORK, NY - NOVEMBER 10: Network cables are plugged in a server room on November 10, 2014 in New York City. U.S. President Barack Obama called on the Federal Communications Commission to implement a strict policy of net neutrality and to oppose content providers in restricting bandwidth to customers. (Photo by Michael Bocchieri/Getty Images) ⁱⁱ

In his first three weeks alone, Trump signed a burst of orders to undo many of President Barack Obama's policies. Later in June, in his first meeting with his Cabinet, he [claimed to have accomplished more than most previous U.S. presidents](#):

"Never has there been a president — with few exceptions, in the case of FDR, he had a major Depression to handle — who's passed more legislation, who's done more things than what we've done," Trump said. "I think we've been about as active as you can possibly be at a just about record-setting pace."

Trump's claim hinges on the slew of executive orders he has signed, which in his first 100 days [exceeded that of any other recent president](#).

The Matrix Demons & Psychological Warfare

Dr. Robert Duncan in Energy Weapons & Testing says, I have great pride in the fundamental and constitutional values of America and mean no disrespect by my blasting the incompetence, apathy, and stupidity of those involved in the conspiracy of involuntary biological, chemical, and psychotropic human effects testing. There are so many brave men and women serving in the armed forces that fight and protect us for the American values they believe in. But because of the silos of information called compartmentalization in the security agencies and the lack of accountability and oversight of black operations and some top-secret projects, diabolical elements become rogue or worse destroying the very country they are tasked with protecting turning it into hypocrisy rather than a democracy.iv

My goal is to awaken Americans to the continued horrific acts of military and CIA weapons testers in this country and the other branches of government's inability to stop them and hold them accountable.

All I ask from the reader is to listen to testimony and validate facts presented here and come to their own conclusion. Then fight to win back America from this silent overthrow. This has been my project for about two years, investigating government corruption, incompetence, and coverup upon which I accidentally stumbled one day while looking at a reverse MRI scheme to inject electromagnetic signals into the brain for virtual reality applications. I have interviewed over two hundred people and worked on the highest level of military projects for the U.S., NATO, and

U.K. and have given videotaped testimony to senators and representatives on this topic resulting in lip service since they have no real power to enforce. Two high level FBI agents and a couple CIA agents have come forward to validate the existence of a MKULTRA like project that continues to grab random people for mind control experimentation. Two of these have since become part of the program and endure daily psychotropic tortures. All the torture can be done using directed energy psychotronic weapons with the so called continental ballistic missile surveillance defense grids.

I apologize to the human race for any contribution to these 4th generation weapons that I may have worked on that are more horrific than the nuclear bomb and whose cover-up is more pervasive than the Manhattan Project. And because of the horrific acts of violence being committed on as many as two thousand Americans as far as my research has uncovered and many others in other countries, I understand the extreme risk to my own welfare that publishing this material will have. But freedom is so important to me that I know full heartedly that the human race must have an open discussion on these weapons to decide their own fate before the point of decision is gone, that I am willing to risk divulging so called national secrets. All I offer you is the truth.^v

Stand up pastor while you still have time to make a difference. Teach the Word, in season and out season. The sheep are dying. Until that time when we learn to become spiritual warriors for Truth and learn the operational Laws of the Spiritual World; until we admit that the Spiritual World is an eternal part of our "normal" waking reality, we will continue to be blinded to the powers and abilities The Illuminati wield against an ignorant populace, separated from their heritage of Spiritual Divinity and Power.^{vi} Many wolves have entered in preaching "Another Jesus A Different Spirit Different Gospel"

We continually witness bizarre meteorological occurrences as powerful electromagnetic devices manipulate both the jet stream and individual storm fronts to create artificial weather and climatic conditions. KILL CHAIN

vii PERPETUAL WAR

In their quest to remain top dog in the kill chain, the purveyors of perpetual war have deliberately dimmed earth's life-giving sunlight, ⁵ and reduced atmospheric visibility with lung-clogging particulates and polymers.⁶ This ecological terrorism has severely compromised public health, according to thousands of testimonials. Years of mass appeals to legislators, media and military officials for information, and for cessation of catastrophic atmospheric degradation, have fallen on deaf bureaucratic ears. Public awareness of what befalls us remains as murky as our skies because those "in the know" are muzzled by national secrecy laws and Americans have no authority to challenge matters of national security. Left to gather clues, we know this much so far: 1 Sam 15:23, "For rebellion is as the sin of witchcraft, and stubbornness is as iniquity and idolatry

OPERATION CLOVERLEAF

1. At least part of the aerosol project has been dubbed Operation Cloverleaf, 7 probably due to its multi-faceted operations, which include: weather modification, military communications, space weapons development, ozone and global warming research plus biological weaponry and detection testing.
2. Dumping tons of particulate matter from aircraft has geo-engineered our planetary atmosphere into a highly charged, electrically-conductive plasma useful for military projects.
- 8 The air we breathe is laden with asbestos-sized synthetic fibers and toxic metals, including barium salts, aluminum, and reportedly, radioactive thorium.
- 9 These materials act as electrolytes to enhance conductivity of military radar and radio waves.
- 10 Poisonous on par with arsenic and a proven suppressant of the human immune system,
- 11 atmospheric barium weakens human muscles, including those of the heart.
- 12 Inhaled aluminum goes directly to the brain and medical specialists confirm that it causes oxidative stress within brain tissue, leading to formation of Alzheimer's like neurofibrillary tangles.
- 13 Radioactive thorium is known to cause leukemia and other cancers.

ATMOSPHERIC MEDICATION PROJECTS

People all over California and America are noticing unusually clear skies that are free of what many people call chemtrails. Oddly enough, the clear sky seemed coincide with the United States Backing out of the Paris climate agreement.

THEY ARE SPRAYING NANOTECHNOLOGY ON US AND IT IS NOW INTEGRATED INTO OUR BRAINS

ixSILENT ASSASINATION

Only a small percentage of the military's atmospheric modification projects are visibly obvious. What we can't see is equally dangerous. The ionosphere, the earth and its inhabitants are continually bombarded with high frequency microwaves used to manipulate the charged atmosphere for weather modification, information gathering and for tectonic (earthquake-producing) weaponry.¹⁵ Independent chemtrail researcher Clifford Carnicom confirms that **we are also continuously subjected to extremely low electromagnetic frequencies (ELF) pulsing at 4 hertz multiples, frequencies known to profoundly affect human biological and mental functioning.**^{16x}

SATAN IS THE MASTER IMITATOR

Satan is the master imitator, but his evil inspiration should be never used as foundation for truth. A mixture of truth and error is completely forbidden in Scripture. "Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? And what communion hath light with darkness? And what concord hath Christ with Belial? Or what part hath he that believeth with an infidel? And what agreement hath the temple of God with idols?" (II Cor. 6:14-16a). The fact is we should not mimic things that are an abomination to the Lord. No one should even pretend to be a child of the devil, an enemy of righteousness. When they do, they pervert the acceptable ways of the Lord!

NATIONS, REGIONS, AND HUMANS INOCULATED

4. There is a well-documented biological component to continuously ongoing atmospheric studies in which nations and regions are furtively inoculated via specially designed delivery systems with combinations of viruses, bacteria, fungi, mycoplasma, desiccated blood cells and exotic biological markers so that test-masters can assess human, animal and plant response.^{17xi}

GLOBAL SORCERY PROJECTS AGAINST HUMANITY

5. The multi-organizational megalith perpetrating these bio-chem projects against humanity includes the U.S. Department of Defense (DOD) and its research arm DARPA, plus the Department of Energy (DOE) with its huge network of national labs and universities. Private defense contractors and pharmaceutical companies are heavily involved.¹⁸ Cooperating governments of other nations and probably some United Nations agencies are complicit, since the aerosol projects are global in scope.^{xii}

Are you bathing in EMF Radiation 24/7?

Shannon Davis, Omegaradio.com

RESULTS IN BATHING IN EMF

I have a couple questions for you:

- 1 - Do you sleep with your cell phone next to you or in the same room?
- 2 - Do you have a WI-FI Internet Router in your House that runs 24/7?
- 3 - Do you have a "Smart" Power Meter installed on your house?

IF YOU ANSWERED "YES" TO ONE OR MORE OF THESE QUESTIONS READ ON:

Last night I was flipping through you tube on my TV set (I use the Roku 3 Box) and I came across a couple videos of a man testing the Electro-Magnetic Radiation coming from his cell phone and Internet WI-FI Router using a handheld meter and another video testing radiation from the Electrical Smart Meter attached to a house.

Friends many of us are literally taking baths in EMF/RFR Radiation 24/7 a day and some of us have the faucet turned on FULL FORCE!

Harvard Dr David Carpenter says about radiofrequency radiation (RFR) "elevated levels for long periods of time increases the risk of cancer, damages the nervous system, and adversely affects the reproductive organs."

I want you to watch the following videos and see what happened when a test was done on devices many of us use and some of us even sleep next to at night:

Harvard Doctor Warns about Smart Meters

<https://www.thehealthyhomeeconomist.com/harvard-medical-doctor-warns-against-smart-meters/>

For several years now I have been living with a Internet WI-FI Router in the house and have slept with my mobile phone within close proximity so I did not miss any text messages. When I go mobile I carry my cell phone in my pocket...

THIS IS NOT SMART AND VERY DANGEROUS!

After watching the above videos I saw the mistake I have been making as I have literally been bathing 24/7 in harmful EMF radiation and my family is taking the same EMF Bath!

Steps I have decided to take now:

TURN OFF WIFI ROUTER AND USE ETHERNET CABLES

First thing I did was to follow the example of the man in the video and I turned off my WI-FI router and switched to "Wired" Ethernet cables.

To do this I logged into my internet router using ip address: <http://192.168.1.1> and switched Wi-Fi

to "DISABLED" which immediately turned off the faucet of EMF radiation pouring out of the router which was saturating the house 24/7 with powerful radiation.

PUT YOUR MOBILE PHONES ON AIRPLANE MODE BEFORE YOU GO TO SLEEP

Before I went to sleep last night I took my I phone which I had kept on 24/7 and in the room at night and put it on AIRPLANE MODE. This turned off the faucet of EMF radiation and still allowed me to use the phone's alarm clock feature which wakes me up to do the shows.

If you can it is BEST to leave the phone in airplane mode as much as you can and then periodically thru the day you can still turn it back on to check for any IM's before switching it back to airplane mode...

Have we become addicted to mobile phones so much that we can't survive if they are turned off in airplane mode? What did we do when we had only landlines and payphones? The World has been operating for thousands of years without WIFI and TEXT...

SMART POWER METERS

I do not have one of these as far as I know but if you do you can buy the EMF FILTER covers or ask the power company to put you back on a ANALOG meter.⁴

Other Thoughts:

It will be very hard to ELIMINATE "ALL" radiation especially if you live in a community like me where your neighbors have WIFI Internet Routers and or Smart Meters. Then there are all the transmitter arrays popping up all over town which broadcast and boost signals and cover our entire cities in waves.

BUT, every bit we can reduce the amount has got to be good for us and you may in fact began to immediately see some positive effects.

It is my belief that the EMF radiation that has been pumping 24/7 through my house from the WIFI router and mobile phones has been responsible for contributing to fatigue.

I can tell you that I actually feel a difference after turning off the WIFI router and phones around me...am I imagining this or is this true?

There are other sources of EMF radiation such as the laptops we use so much but making the changes I have already made is better than not and is a good start....

The fact that Apple is not pioneering better radiation management technology to lower the SAR level output on iPhone hardware, tells us their desire to retain huge profit margins — point to Apple using low-quality RF shielding and outdated antenna designs to cut cost when mass producing these devices. Otherwise [Vortis Technology](#) would already be inside of Apple's Smartphones.

As a result of complacency, Apple has fallen very far behind the competition in a race to build [the lowest radiation cell phones](#), where Samsung is excelling past Apple as the undisputed leader in this regard.

Better radio frequency radiation management is just healthier for people as a whole. Ideally, you would want it to be as far below the arbitrary federal limitation as possible.

Many other countries have adopted much stricter SAR guidelines; but in the USA the legal limit is an SAR value of 1.6 watts per kilogram (W/kg), averaged over one gram of tissue.

The acronym SAR stands for Specific Absorption Rate and relates to the thermal absorption of microwave radiation emitted from wireless electronic devices operating in close proximity to the body.

Did you know SAR levels for the iPhone 6 Plus are merely .01 below the legal 1.6 W/kg limit? This barely legal device's manual states not to keep an iPhone 6 Plus closer than 5 mm to your body.

Currently there are [7.3 billion people](#) on the planet and [6.9 billion mobile phone subscriptions](#) — almost one phone for every person! Few of us can even imagine living without our electronic devices like smartphones and computers. But what is living in a sea of electronics doing to our brains? There's evidence that our electronic devices may be hazardous to both our physical and mental health.

The most obvious concern is whether mobile phones might cause brain cancer. But this isn't the only way our electronic gadgets might be affecting us. Let's examine what the latest science says about the safety of our electronic devices and their effects on our brains.

When researching the hazards of cell phones or other electronics, you'll come across the term electromagnetic fields (EMFs). Obvious sources of EMFs include power lines, mobile phones, and WiFi. But electromagnetic fields are created any time an electric current flows through a wire, meaning you are exposed to EMFs from seemingly innocuous appliances like your hair dryer, dimmer switches, and coffee makers.

One thing that sets our computers, iPads, mobile phones, and fitness trackers apart is that we use them so much of the time in close proximity to our brains and bodies. More than [two-thirds of adults](#) sleep with their mobile phone next to their head and alarmingly, this figure rises to 90 percent in the [18 to 29 year old age bracket](#).ⁱ

HOW EMFS AFFECT YOUR BRAIN

Unsurprisingly, the number one fear of mobile phone usage is brain cancer. The [World Health Organization](#) (WHO) classifies electromagnetic fields as a [Group 2B carcinogen](#) and recommends that

consumers find ways to reduce their EMF exposure. By definition, a Group 2B carcinogen means it's suspected of causing cancer. While that might not sound too serious, keep in mind that this carcinogenic group also includes lead, engine exhaust, DDT, and chloroform.

In a meta-analysis published in the *International Journal of Oncology*, Swedish researchers found significant associations between [long-term cell phone use and brain tumor risk](#). Cell phone use is linked to both malignant and benign brain tumors after ten years of cell phone use.

But brain cancer isn't the only concern. Other reported [side effects of EMFs](#) include headaches, dizziness, sleep disorders, benign tumors, dementia, and Alzheimer's. Here are some of the known mechanisms by which EMFs affect the brain.

The [blood-brain barrier](#) is a group of specialized cells that acts as a filter to keep the brain safe from toxins, heavy metals, pathogens, drugs, and other foreign substances. Many neurological diseases are linked to a compromised blood-brain barrier, including meningitis, Alzheimer's and multiple sclerosis. EMFs [increase permeability](#) of the brain-blood barrier, making it leaky and allowing things like mercury, aluminum, and viruses to more readily enter the brain.

Long-term EMF exposure leads to a [chronically increased level of free radicals](#). Free radicals are unattached oxygen molecules that attack cells much in the same way that they cause metal to rust. The brain is highly susceptible to free radical damage because it's a heavy oxygen user — using 20 percent of the body's total. Free radicals cause [brain cell damage](#) and [aging](#) down to the level of your DNA.

Brain cells communicate with each other via chemicals known as neurotransmitters. Neurotransmitters regulate mood, sleep, motivation, ability to learn, addictions, and more. Long-term exposure to EMFs [alters the expression of 143 proteins](#) in the brain. EMFs cause [significant disruption](#) in levels of

serotonin, dopamine, and norepinephrine causing adverse effects on mood, memory, learning, and stress.ⁱⁱ

OVERVIEW OF TRUMP’S ORDERS

Here's an updated overview of each of Trump's orders: ^{xiii}

"EXECUTIVE ORDER MINIMIZING THE ECONOMIC BURDEN OF THE PATIENT PROTECTION AND AFFORDABLE CARE ACT “Signed

Hours after being sworn in, Trump signed an executive order aimed at reversing the Affordable Care Act — Obama's landmark legislation — which Republicans vowed to "repeal and replace" throughout the campaign.

The executive order states that the Trump administration will "seek prompt repeal" of the law. To minimize the "economic burden" of Obamacare, the order instructs the secretary of health and human services and other agency heads to "waive, defer, grant exemptions from, or delay the

implementation" of any part of the law that places a fiscal burden on the government, businesses or individuals.

Also, in the order are directions to give states more control over implementing health care laws.

"EXPEDITING ENVIRONMENTAL REVIEWS AND APPROVALS FOR HIGH-PRIORITY INFRASTRUCTURE PROJECTS" SIGNED: JAN. 24, 2017

The order outlines how the administration will expedite environmental reviews and approval of "high priority" infrastructure projects, such as repairs to bridges, airports and highways.

The order directs the Chairman of the Council on Environmental Quality (CEQ), within 30 days of a request, to determine a project's environmental impact and decide whether it is "high priority." Project review deadlines are to be put in place by the CEQ's chairman.

The order is widely believed to have been issued in response to the protests against the Dakota Access Pipeline.

"ENHANCING PUBLIC SAFETY IN THE INTERIOR OF THE UNITED STATES" SIGNED: JAN. 25, 2017

The order outlines changes to a few immigration policies, but most notably it strips federal grant money to so-called sanctuary cities.

In addition, the secretary of homeland security is ordered to hire 10,000 more immigration officers, create a publicly available weekly list of crimes committed by undocumented immigrants and review previous immigration policies.

The order also creates an office to assist the victims of crimes committed by undocumented immigrants and calls on local and state police to detain or apprehend people in the United States illegally.

"BORDER SECURITY AND IMMIGRATION ENFORCEMENT IMPROVEMENTS" SIGNED: JAN. 25, 2017

The order is aimed at fulfilling one of Trump's key campaign promises — enhancing border security — by directing federal funding to construction of a wall along the Mexico-U.S. border. It instructs the secretary of homeland security to prepare congressional budget requests for the wall and to "end the abuse of parole and asylum provisions" that complicate the removal of undocumented immigrants.

Other parts of the order call for hiring 5,000 more Border Patrol agents, building facilities to hold undocumented immigrants near the Mexican border and ending "catch-and-release" protocols, in which immigrants in the United States without documentation are not detained while they await court hearings.

"PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE UNITED STATES" SIGNED: JAN. 27, 2017

The order suspends the entry of immigrants from seven Muslim-majority countries — Syria, Iran, Iraq, Libya, Sudan, Yemen and Somalia — for 90 days and stops all refugees from entering the country for 120 days. Syrian refugees are banned indefinitely. During the time of the ban, the secretary of homeland security and the secretary of state will review and revise the refugee admission process.

Also, in the order is the suspension of Obama's 2012 Visa Interview Waiver Program, which allowed frequent U.S. tourists to bypass the visa interview process.

White House officials have made a number of contradictory statements, at times calling the order a "ban" and at other times referring to it as a "travel restriction." After the order was signed, thousands of protesters popped up at airports across the country to denounce it.

"ETHICS COMMITMENTS BY EXECUTIVE BRANCH APPOINTEES" SIGNED: JAN. 28, 2017

This order stops all executive branch officials from lobbying for five years after they leave office and places a lifetime ban on lobbying a foreign government.

The order enacts a number of other lobbying restrictions, including banning appointees from accepting gifts from registered lobbyists and banning appointees who were lobbyists from participating in any issues they petitioned for within the last two years.

Some raised concerns over how Trump will [fill the jobs in his administration](#) under the new rules.

"REDUCING REGULATION AND CONTROLLING REGULATORY COSTS" SIGNED: JAN. 30, 2017

The order states that executive departments and agencies must slash two regulations for every one new regulation proposed. Regulation spending cannot exceed \$0, and any costs associated with regulations must be offset with eliminations.

The order also directs the head of each agency to keep records of the cost savings, to be sent to the president.

"CORE PRINCIPLES FOR REGULATING THE UNITED STATES FINANCIAL SYSTEM" SIGNED: FEB. 3, 2017

The order lays the administration's "Core Principles" regarding the U.S. financial system, which includes:

Making regulation "efficient, effective and appropriately tailored"

Preventing government bailouts

Ensuring that U.S. firms are competitive with foreign companies

The order directs the treasury secretary to review financial regulations and report back to the president 120 days later with a determination of whether current policies promote the "Core Principles."

"TASK FORCE ON CRIME REDUCTION AND PUBLIC SAFETY "Signed

The order directs Attorney General Jeff Sessions to create a task force that would propose new legislation to reduce crime, highlighting drug trafficking, illegal immigration and violent crime. The task force will submit yearly reports to the president.

Throughout the campaign, Trump promised voters a return to "law and order" in the United States and said minorities from inner cities are ["living in hell"](#) because of violent crime.

"PREVENTING VIOLENCE AGAINST FEDERAL, STATE, TRIBAL, AND LOCAL LAW ENFORCEMENT OFFICERS" SIGNED: FEB. 9, 2017

The order calls on the Justice Department to "enhance the protection and safety" of law enforcement by increasing penalties for crimes committed against officers.

The attorney general is also instructed to review and determine whether existing federal laws adequately protect law enforcement and later to propose legislation to better protect officers. The order directs the Justice Department to recommend changes in federal grant funding to law enforcement programs if they do not protect officers.

"ENFORCING FEDERAL LAW WITH RESPECT TO TRANSNATIONAL CRIMINAL ORGANIZATIONS AND PREVENTING INTERNATIONAL TRAFFICKING" SIGNED: FEB. 9, 2016

The order outlines the administration's approach to cutting down on organized crime — including gangs, cartels and racketeering organizations — by enhancing cooperation with foreign governments and the ways in which federal agencies share information and data.

It identifies human trafficking, drug smuggling, financial crimes, cyber-crime and corruption as "a threat to public safety and national security."

The Threat Mitigation National Intelligence — of which Sessions, Secretary of State Rex Tillerson, and the secretary of homeland security are co-chairmen — will review and recommend changes to federal agencies' practices in a report to be delivered to the president within 120 days.

"PROVIDING AN ORDER OF SUCCESSION WITHIN THE DEPARTMENT OF JUSTICE" SIGNED: FEB. 9, 2017

Two weeks after Trump fired Acting Attorney General Sally Yates; this order changes the order of succession for Sessions, who won approval as attorney general last week. The sequence is: the U.S. attorney for the Eastern District of Virginia, the U.S. attorney for the Northern District of Illinois and the U.S. attorney for the Western District of Missouri.

[A week before leaving office](#), Obama signed an executive order changing the order of succession without explanation.

"ENFORCING THE REGULATORY REFORM AGENDA" SIGNED: FEB. 24, 2017

Under this order, each agency must designate an official as its Regulatory Reform Officer (RRO), who will be responsible for reviewing current regulations and making recommendations to the agency head on how to modify them. The RRO must hone in on certain regulations, such as those that are outdated or are perceived to curtail job creation.

The order reiterates Trump's plan to cut down on regulations and comes nearly a month after the president signed an executive order requiring agencies to slash two regulations for every one proposed.

"RESTORING THE RULE OF LAW, FEDERALISM, AND ECONOMIC GROWTH BY REVIEWING THE 'WATERS OF THE U.S.' RULE" SIGNED FEB. 28, 2017

The order calls on federal agencies to revise a regulation put in place by former president Barack Obama called the Clean Water Rule. Signed in 2015, the rule expanded the number of bodies of water protected by the federal government to include streams, ponds and smaller waterways.

Trump's order directs the administrator of the EPA and the assistant secretary of the Army for Civil Works to review the rule and propose a new one that either eliminates or revises Obama's rule.

"WHITE HOUSE INITIATIVE TO PROMOTE EXCELLENCE AND INNOVATION AT HISTORICALLY BLACK COLLEGES AND UNIVERSITIES" SIGNED FEB. 28, 2017

The order transfers the White House Initiative on Historically Black Colleges and Universities (WHHBCU) from the Department of Education to the Executive Office of the President. Since its creation under President Ronald Reagan, the initiative had been under the purview of the Education Department.

Trump met with dozens of HBCU presidents the day prior for a listening session, which many students and college leaders were quick to protest out of skepticism that the president was using the meeting as a PR stunt.

In an interview with [NBC News](#), Omarosa Manigault said of the order, "We understand that the executive order starts the action but there are so many different steps in terms of defining programming."

"PROTECTING THE NATION FROM FOREIGN TERRORIST ENTRY INTO THE U.S." SIGNED: MARCH 6, 2017

The order revises Trump's original U.S. immigration ban, which was hit with dozens of lawsuits shortly after being signed in February and blocked by a federal judge in Washington state. The new order, which goes into effect March 16, bans citizens from six Muslim-majority countries from entering the U.S. for 90 days.

The countries include Iran, Somalia, Sudan, Yemen, Syria and Libya. Iraq was removed from the list after the Iraqi government [said](#) it would increase information sharing with the United States.

"COMPREHENSIVE PLAN FOR REORGANIZING THE EXECUTIVE BRANCH" SIGNED: MARCH 13, 2017

The [order](#) assigns the Office of Management and Budget director Mick Mulvaney to propose a plan to "reorganize and governmental functions and eliminate unnecessary agencies" in an effort to cut down of federal spending and improve "efficiency, effectiveness and accountability of that agency." Within 180 days, the heads of select agencies must submit individual plans to Mulvaney, who will have another 180 days to send a plan to the president.

During a [daily press briefing](#), Press Secretary Sean Spicer called the executive order "long overdue" and said agencies will undergo a "thorough investigation" into fiscal waste, though he was unable to provide a target goal for the amount of money the order aims to save.

"THE REVOCATION OF FEDERAL CONTRACTING EXECUTIVE ORDERS" SIGNED: MARCH 27, 2017

[The executive order](#) revokes key components of the Obama administration's previous executive order banning federal contractors from discriminating against employees on the basis of sexual orientation or identity, gay rights advocates say.

Organizations representing the LGBTQ community say the "Presidential Executive Order on the Revocation of Federal Contracting Executive Orders" hobbles several of Obama's previous orders including the "Fair Pay and Safe Workplaces" order by revoking the requirement that companies seeking federal contracts prove they've complied with federal laws banning discrimination based on sexual identity or orientation.

"PROMOTING ENERGY INDEPENDENCE AND ECONOMIC GROWTH" SIGNED: MARCH 28, 2017

The order directs the Environmental Protection Agency to review another executive order, called the Clean Power Plan, signed by Barack Obama in 2014. Obama's plan, which aimed to reduce carbon pollution from power plants, was halted by the Supreme Court in 2016.

Trump's [new order](#) also asks agencies to review any regulations that could "potentially burden the development or use" of oil, natural gas, coal, and nuclear energy resources. Within 180 days, the agencies must submit reports to the Office of Management and Budget, which will take action to eliminate regulations.

"ESTABLISHING THE PRESIDENT'S COMMISSION ON COMBATING DRUG ADDICTION AND THE OPIOID CRISIS" SIGNED: MARCH 29, 2017

The order creates the "Commission on Combating Drug Addiction and Opioid Crisis," which will study the federal government's effectiveness in fighting drug addiction by reviewing funding levels, accessibility of treatment services, prescription practices and youth educational messages. A report will be sent to the president within 90 days of the order being signed.

Trump appointed [Gov. Chris Christie](#) of New Jersey as head of the commission.

"OMNIBUS REPORT ON SIGNIFICANT TRADE DEFICITS" SIGNED: MARCH 31, 2017

The order directs the Commerce Department and U.S. Trade Representative to compile a report on trade practices that contribute to the trade deficit. The report will look at each of America's trade partners and assess whether the country's trade practices unfairly discriminate against the U.S.

Forms of discrimination the report will assess includes non-tariff barriers, anti-dumping and intellectual property theft. Within 90 days, the report will be sent to the White House detailing causes for the deficit.

"PROVIDING AN ORDER OF SUCCESSION WITHIN THE DEPARTMENT OF JUSTICE" SIGNED: MARCH 31, 2017

The order changes the succession line for the Attorney General Jeff Sessions. The new sequence is:

United States Attorney for the Eastern District of Virginia

United States Attorney for the Eastern District of North Carolina

United States Attorney for the Northern District of Texas

"ESTABLISHING ENHANCED COLLECTION AND ENFORCEMENT OF ANTI-DUMPING AND COUNTERVAILING DUTIES AND VIOLATIONS OF TRADE AND CUSTOMS LAW" SIGNED: MARCH, 31, 2017

The order directs the secretary of homeland security to develop a plan within 90 days to combat two types of non-trade barriers placed against the U.S.: anti-dumping and countervailing duties.

The order also directs the DHS Secretary and Treasury secretary to step up seizure of counterfeit goods and protect American companies from intellectual property right infringement.

[Watch Trump Leave Executive Order Ceremony Without Signing](#)00 : 44

"BUY AMERICAN, HIRE AMERICAN" SIGNED: APRIL 18, 2017

The order has two parts. The "Hire American" portion of the bill targets the H-1B visa program, which allows businesses to hire high-skilled workers from outside the U.S., by putting less emphasis on the lottery system used to determine which companies can sponsor visas.

The "Buy American" portion of the order directs agencies to tighten rules that give priority to U.S. companies when hiring contractors or purchasing goods. This would be done by reducing the use of waivers and exceptions to current laws. Secretary of Commerce Wilbur Ross must submit a review of "Buy American" loopholes within 220 days.

"IDENTIFYING AND REDUCING TAX REGULATORY BURDENS" SIGNED: APRIL 21, 2017

The order directs Secretary of Treasury Steve Mnuchin to review within 60 days all tax regulations put in place in 2016 and 2017 that put an "undue financial burden on United States taxpayers."

Within 150 days, Mnuchin will submit a plan to the president detailing ways to alleviate "the burden imposed by regulations" identified in the initial review.

"PROMOTING AGRICULTURE AND RURAL PROSPERITY IN AMERICA" SIGNED: APRIL 25, 2017

The order creates a task force, led by Secretary of Agriculture Sonny Perdue that will identify policy options to promote U.S. agriculture business and job growth in rural America. The task force must submit a report to Trump within 180 days.

The task force will look at regulations that impede U.S. agricultural growth and for ways to encourage the use of agricultural products made in America.

"REVIEW OF DESIGNATIONS UNDER THE ANTIQUITIES ACT" SIGNED: APRIL 26, 2017

The order directs the Secretary of Interior Ryan Zinke to review federal monument designations — including national parks — made since 1996 that cover more than 100,000 acres of land. Under the 1906 Antiquities Act, presidents have the power to protect land.

Trump's order names one national monument designation in particular: Obama's 1.35 million-acre Bears Ears National Monument in Utah. Zinke must submit a report to Trump within 45 days.

"ENFORCING STATUTORY PROHIBITIONS ON FEDERAL CONTROL OF EDUCATION" SIGNED: APRIL 26, 2017

Under the order, Secretary of Education Betsy DeVos is directed to study federal overreach in local and state education systems.

As a strong advocate for charter schools, DeVos will determine within 300 days whether federal education regulations take control away from states in areas such as curriculum, school administration and textbook or library content.

"IMPROVING ACCOUNTABILITY AND WHISTLEBLOWER PROTECTION" SIGNED: APRIL 27, 2017

The order is aimed at improving accountability within the Department of Veterans Affairs, which found itself at the center of a 2014 controversy in which dozens of veterans [reportedly](#) died while on the wait list for medical care. The order directs Veterans Affairs Secretary David Shulkin to create the "Office of Accountability and Whistleblower Protection" in the department within 45 days.

The office will be charged with investigating wrongdoing within the department and terminating any VA employee who fails to "carry out his or her duties on behalf of veterans."

"We will always stand with those who stood for freedom and who stood for us. They protected us, they made it all possible, and now we're going to protect and take care of them," Trump said at the signing.

"IMPLEMENTING AN AMERICA-FIRST OFFSHORE ENERGY STRATEGY" SIGNED: APRIL 28, 2017

The order reverses a ban on Arctic leasing put in place under the Obama administration in December and directs Interior Secretary Ryan Zinke to review areas available for off-shore oil and gas exploration.

“We are unleashing American energy and clearing the way for thousands and thousands of high-paying American energy jobs,” President Trump said during the announcement.

"ESTABLISHMENT OF OFFICE OF TRADE AND MANUFACTURING POLICY" SIGNED: APRIL 29, 2017

The order establishes the Office of Trade and Manufacturing Policy, which will advise Trump on policies to increase economic growth and decrease the trade deficit. Leading the new office is Trump appointee and National Trade Council Director Peter Navarro, who said he wants to renegotiate NAFTA.

The office will also help implement the "Buy American, Hire American" executive order signed by Trump on April 18.

"ADDRESSING TRADE AGREEMENT VIOLATIONS AND ABUSES" SIGNED: APRIL 29, 2017 The order directs Secretary of Commerce Wilbur Ross to review all U.S. trade agreements, as well as relations with countries that run trade deficits with America.

Within 180 days, Ross must send a performance review to Trump detailing any violations.

"ESTABLISHMENT OF THE AMERICAN TECHNOLOGY COUNCIL" SIGNED: MAY 1, 2017

The order launches the American Technology Council, headed by 19 different Trump administration officials and cabinet members who will be tasked with modernizing the federal government's digital services and technology.

The task force, which ends in 2021, will "coordinate the vision, strategy, and direction" regarding the federal government's use of information technology.

"PROMOTING FREE SPEECH AND RELIGIOUS LIBERTY" SIGNED: MAY 4, 2017

The order eases IRS enforcement of the Johnson Amendment, which bans churches from engaging in political speech. It also gives relief to companies that disagree with the Affordable Care Act mandate on contraception in health care coverage.

Although the order shows Trump delivering on a key campaign promise, congressional approval is needed to fully repeal the law.

"ESTABLISHMENT OF THE PRESIDENTIAL COMMISSION ON ELECTION INTEGRITY" SIGNED: MAY 11, 2017

The order creates a commission, led by Vice President Mike Pence, to investigate allegations of voter fraud and voter suppression in the U.S. voting process. The commission, called the "Presidential Commission on Election Integrity," will review vulnerabilities in the election system.

It comes following persistent and unfounded claims by President Donald Trump that the 2016 election was rigged and that millions of "illegals" voted to cost him the popular vote.

"STRENGTHENING THE CYBERSECURITY OF FEDERAL NETWORKS AND CRITICAL INFRASTRUCTURE" SIGNED: MAY 11, 2017

The order aims to strengthen the cyber security of networks within the federal government by having agency heads adhere to an outlined plan.

It directs the Director of the American Technology Council to present a report to Trump within 90 days outlining steps to take for a "modern, secure, and more resilient" IT structure. The Secretary of Commerce and Secretary of Homeland Security are also directed to find ways to "dramatically [reduce] threats perpetrated by automated and distributed attacks."

"EXPANDING APPRENTICESHIPS IN AMERICA" SIGNED: JUNE 15, 2017

The order calls for the establishment of the Task Force on Apprenticeship Expansion, led and appointed by the labor secretary, which will "identify strategies and proposals to promote apprenticeships, especially in sectors where apprenticeship programs are insufficient."

Apprenticeships, defined in the order as paid work with an educational component, are aimed at providing workers with relevant experience and skills that offer affordable paths to employment.

The order provides funding to promote apprenticeship programs across different industries, calls for the expansion of apprenticeship participation among students at educational institutions and instructs agencies to eliminate current federally funded apprenticeship programs deemed ineffective.

"AMENDING EXECUTIVE ORDER 13597" SIGNED: JUNE 21, 2017

The order amends [an executive order issued by the Obama administration](#) on visa and foreign visitor processing that aimed "to enhance and expedite travel to and arrival in the United States by foreign nationals."

It eliminates the clause that required 80 percent of non-immigrant visa applicants to be interviewed within three weeks of application receipt, and calls on the secretaries of State and Homeland Security to revise the visa expediting implementation plan laid out in Obama's order "as necessary and appropriate."

"REVIVING THE NATIONAL SPACE COUNCIL" SIGNED: JUNE 30, 2017

The order "revives" The National Space Council, a council tasked with advising the president on space strategy that was first established in a 1989 executive order by George H. W. Bush. It appoints the Vice President as chairman and establishes the agency heads that will compose it.

The council will meet at least annually to review policies and develop strategies for space activity. The order mandates that the group submit a report to the President "setting forth its assessment of, and recommendations for, the space policy and strategy of the United States Government" within the next year.

"The establishment of the council is another demonstration of the Trump Administration's deep interest in our work, and a testament to the importance of space exploration to our economy, our nation, and the planet as a whole," said acting NASA Administrator Robert Lightfoot in a [statement](#) about the order.

"ALLOWING ADDITIONAL TIME FOR RECOGNIZING POSITIVE ACTIONS BY THE GOVERNMENT OF SUDAN AND AMENDING EXECUTIVE ORDER 13761" SIGNED: JULY 11, 2017

The order comes in relation to a [1997 executive order issued by Bill Clinton](#), which named Sudan an "unusual and extraordinary threat to national security" for its support of terrorism, attempts at destabilizing regional governments, and serious human rights violations. The original order imposed a number of sanctions on Sudan, including a halt of all import and export deals with the country.

President Trump's new order is issued a day before a deadline proposed in a related [executive order issued by the Obama administration](#), which pointed out that Sudan had since taken positive actions to address the issues cited in Clinton's order and called for a reevaluation of the punitive sanctions. Obama's order instructed relevant government bodies to "provide to the President a report on whether the Government of Sudan has sustained the positive actions" on or before July 12, 2017.

Trump's order extends the deadline for the report to October 12, 2017 to allow for "additional fact-finding and a more comprehensive analysis of the Government of Sudan's actions." It also revokes a section of Obama's order requiring the same report to be updated annually and made available to the public.

"ESTABLISHING A PRESIDENTIAL ADVISORY COUNCIL ON INFRASTRUCTURE" SIGNED: JULY 19, 2017

The order creates a Presidential Advisory Council on Infrastructure within the Department of Commerce in order to "advance infrastructure projects that create highquality jobs for American workers, enhance productivity, improve quality of life, protect the environment, and strengthen economic growth."

The council will be composed of up to 15 members appointed by Trump, private citizens with expertise in areas such as finance, real estate, construction and environmental policy. The group will submit a report to the president on potential infrastructure projects that could be carried out over the next 10 years, and is scheduled to be dissolved shortly after, unless given an extension by the president.

"ASSESSING AND STRENGTHENING THE MANUFACTURING AND DEFENSE INDUSTRIAL

BASE AND SUPPLY CHAIN RESILIENCY OF THE UNITED STATES"SIGNED: JULY 21, 2017 The order names national manufacturing as essential to economic strength and national security of the United States and calls the loss of manufacturing jobs and an industrial base in the country a threat to national security.

In light of this, it demands that the Secretary of Defense and other relevant agencies provide "a comprehensive evaluation of the defense industrial base and supply chains" within 270 days of the executive order. The report will assess the strengths and weaknesses of national manufacturing capabilities, identify the manufacturing goods most essential to national security and recommend pertinent action by the President.

"ESTABLISHING DISCIPLINE AND ACCOUNTABILITY IN THE ENVIRONMENTAL REVIEW AND PERMITTING PROCESS FOR INFRASTRUCTURE"SIGNED: AUGUST 15, 2017

The order aims to increase the efficiency of the Federal infrastructure permitting process and revokes an Obama-era Executive Order that created stricter environmental review standards for federal projects in flood-prone areas.

It establishes "One Federal Decision" for major infrastructure projects, assigning each project a lead Federal agency and creating a performance accountability system to track its progress. It also sets a goal of 2 years for the average completion time of the permitting process. While announcing the order, Trump [called the current permitting process](#) "a massive, self imposed wound."

The order also revokes [Executive Order 13690](#), which mandated stricter environmental review standards in floodplains as part of Obama's Climate Action Plan. That order required planners use flooding predictions that incorporated climate science.

"IMPOSING SANCTIONS WITH RESPECT TO THE SITUATION IN VENEZUELA"SIGNED: AUGUST 25, 2017

The order prohibits the purchase of certain Venezuelan government bonds on the American market while still allowing for the import of crude oil.

Trump narrowly tailored sanctions to disrupt the Venezuelan government's ability to raise money by selling bonds or securities within the United States. The sanctions were in response to reports of [human rights abuses and increasing authoritarianism](#) in Venezuela, including the dissolution of the elected legislature. The country's economy is in shambles; [the International Monetary Fund predicts](#) its inflation rate will reach 2,349% in 2018.

“RESTORING STATE, TRIBAL, AND LOCAL LAW ENFORCEMENT’S ACCESS TO LIFESAVING EQUIPMENT AND RESOURCES” SIGNED: AUGUST 28, 2017

The order revokes Obama-era limits on the repurposing of military equipment for law enforcement use.

On January 16, 2015, the former president issued an Executive Order seeking to limit police access to repurposed military gear. The order came in the wake of [national criticism](#) surrounding the police crackdown on protesters in Ferguson, Missouri, which included armored vehicles, tear gas, and [heavily armed riot police in camouflage](#). Protesters were responding to the killing of Michael Brown, an 18-year old black man shot by white Ferguson police officer Darren Wilson.

Obama later approved [recommendations](#) that banned the transfer of certain equipment — like tracked armored vehicles and grenade launchers — to police forces completely, and mandated strict new guidelines for departments that acquired other military-issue devices.

The executive order nullifies those restrictions. On the day of the signing, Jeff Sessions [told a Fraternal Order of Police conference in Nashville](#) that the Executive Order would “send a strong message that we will not allow criminal activity, violence and lawlessness to become the new normal.”

“PROPOSED ACQUISITION OF LATTICE SEMICONDUCTOR CORPORATION BY CHINA

VENTURE CAPITAL FUND CORPORATION LIMITED”. SIGNED: SEPTEMBER 13, 2017 The order bars a Chinese-backed venture capital firm from purchasing an American semiconductor company.

Trump acted in accordance with an [recommendation from the Committee on Foreign Investment in the United States](#) (CFIUS), who determined the proposed takeover of the Lattice Semiconductor Corporation by an investment group linked to the Chinese government threatened national security interests. Lattice produces integrated circuits that could conceivably have military applications. In describing the risk, CFIUS cited the transfer of intellectual property, the Chinese government’s role in the deal, the importance of domestic semiconductor supply chain integrity, and the previous use of Lattice products by the US Government as the main factors in their decision.

**“IMPOSING ADDITIONAL SANCTIONS WITH RESPECT TO NORTH KOREA” SIGNED
SEPTEMBER 21, 2017**

The order imposes wide-ranging sanctions that penalize North Korea and anyone doing business with the country.

It seeks to cut off sources of revenue to North Korea and punish anyone trading in goods, services, or technology with the country, including by barring ships or planes that enter North Korea from the United States for 180 days. The order allows the Secretary of the Treasury to sanction any foreign financial institution that conducts business with North Korea or North Korean individuals involved in illicit trade.

The order came shortly after North Korea conducted two intercontinental ballistic missile launches and an [underground nuclear test](#). In a [speech to the UN General Assembly](#) three days before the signing of the Order, Trump told foreign leaders, “No one has shown more contempt for other nations and for the well-being of their own people than the depraved regime in North Korea.”

“CONTINUANCE OF CERTAIN FEDERAL ADVISORY COMMITTEES” SIGNED SEPTEMBER 29, 2017

The order extends certain federal advisory committees until September 30, 2019.

Trump extended 32 federal advisory committees, including the Invasive Species Advisory Committee, the Trade and Environment Policy Advisory Committee, and the Presidential Advisory Council on HIV/AIDS. Presidents [routinely issue similar orders](#) extending the lifetime of federal advisory committees.

“REVOCATION OF EXECUTIVE ORDER CREATING LABOR-MANAGEMENT FORUMS” SIGNED SEPTEMBER 29, 2017

The order revokes an Obama-era Executive order that established a National Council on Federal Labor-Management Relations and mandated the creation of labormanagement forums.

Obama signed [Executive Order 13522](#) in 2009, which created the 10 person National Council on Federal Labor-Management Relations to advise the president on labormanagement relations in the executive branch. It also created Labor-Management forums — committees or councils meant to increase dialogue between managers and employees represented by unions in the federal government. Trump ended both, describing the efforts as a waste of taxpayer resources and a failure in the Order.

“PROMOTING HEALTHCARE CHOICE AND COMPETITION ACROSS THE UNITED STATES” SIGNED OCTOBER 12, 2017

Trump’s Executive Order on health care seeks to do three main things: allow small businesses more leeway to [group together when providing or purchasing insurance](#), increase the availability and duration of short-term health insurance plans and widen the use of [Health Reimbursement Arrangements](#), which let employers reimburse employees for health expenses rather than provide insurance themselves.

Analysts [expect](#) it will increase the availability of cheaper, bare bones plans for the young and healthy and raise premiums for older and sicker Americans. [On Twitter](#), Senator Chuck Schumer called it "a spiteful act of vast pointless sabotage leveled at working families and the middle class in every corner of America." ^{xiv}

PRAY FOR AMERICA

Psalm 34 is one of many Psalms **that praise God for delivering His People**. The writer of Psalm 34 bore testimony so **God's goodness and deliverance in times of trouble**. The superscription to Psalm 34 attributes the psalm to David, citing one of the many occasions when **the Lord delivered David from danger** (see 1 Sam. 21:10-15). The psalmist called others to worship **using a personal testimony of divine deliverance from troubles** (vv.1-10.) He instructed other in good life and on **trusting God in times of trouble** (vv. 11:22). The psalmist committed himself **to praise God and called others to join in magnifying the Lord** (vv. 1-3). He testified **how God had delivered him and affirmed that the Lord is with His people to deliver them** (vv.4:7). He called others **to taste and see that the Lord is good** (vv. 8_10_/ **The young were instructed that the good life consists of turning from evil, doing well, and seeking peace** (vv. 11-14). **The Lord's face is turned toward the righteous to help them, but against the wicked to cut them off** (vv. 15-17). **The righteous are not immune from trouble but have the assurance of the Lord's deliverance** (vv. 18:22).

The psalmist declared that he would bless the lord at all times, not just when his heart was filled with gratitude for a special deliverance (v. 1). "My soul shall make her boast in the Lord: the humble shall hear thereof and be glad." "I sought the Lord and he heard me and delivered me from ALL MY FEARS." (Psa. 4:7).

Lamentations 1 King James Version (KJV)

1 How doth the city sit solitary that was full of people! how is she become as a widow! she that was great among the nations, and princess among the provinces, how is she become tributary!

2 She weepeth sore in the night, and her tears are on her cheeks: among all her lovers she hath none to comfort her: all her friends have dealt treacherously with her, they are become her enemies.

3 Judah is gone into captivity because of affliction, and because of great servitude: she dwelleth among the heathen, she findeth no rest: all her persecutors overtook her between the straits.

4 The ways of Zion do mourn, because none come to the solemn feasts: all her gates are desolate: her priests sigh, her virgins are afflicted, and she is in bitterness.

5 Her adversaries are the chief, her enemies prosper; for the LORD hath afflicted her for the multitude of her transgressions: her children are gone into captivity before the enemy.

6 And from the daughter of Zion all her beauty is departed: her princes are become like harts that find no pasture, and they are gone without strength before the pursuer.

7 Jerusalem remembered in the days of her affliction and of her miseries all her pleasant things that she had in the days of old, when her people fell into the hand of the enemy, and none did help her: the adversaries saw her, and did mock at her sabbaths.

8 Jerusalem hath grievously sinned; therefore she is removed: all that honoured her despise her, because they have seen her nakedness: yea, she sigheth, and turneth backward.

9 Her filthiness is in her skirts; she remembereth not her last end; therefore she came down wonderfully: she had no comforter. O LORD, behold my affliction: for the enemy hath magnified himself.

10 The adversary hath spread out his hand upon all her pleasant things: for she hath seen that the heathen entered into her sanctuary, whom thou didst command that they should not enter into thy congregation.

11 All her people sigh, they seek bread; they have given their pleasant things for meat to relieve the soul: see, O LORD, and consider; for I am become vile.

12 Is it nothing to you, all ye that pass by? behold, and see if there be any sorrow like unto my sorrow, which is done unto me, wherewith the LORD hath afflicted me in the day of his fierce anger.

13 From above hath he sent fire into my bones, and it prevaieth against them: he hath spread a net for my feet, he hath turned me back: he hath made me desolate and faint all the day.

14 The yoke of my transgressions is bound by his hand: they are wreathed, and come up upon my neck: he hath made my strength to fall, the LORD hath delivered me into their hands, from whom I am not able to rise up.

15 The LORD hath trodden under foot all my mighty men in the midst of me: he hath called an assembly against me to crush my young men: the LORD hath trodden the virgin, the daughter of Judah, as in a winepress.

16 For these things I weep; mine eye, mine eye runneth down with water, because the comforter that should relieve my soul is far from me: my children are desolate, because the enemy prevailed.

17 Zion spreadeth forth her hands, and there is none to comfort her: the LORD hath commanded concerning Jacob, that his adversaries should be round about him: Jerusalem is as a menstruous woman among them.

18 The LORD is righteous; for I have rebelled against his commandment: hear, I pray you, all people, and behold my sorrow: my virgins and my young men are gone into captivity.

19 I called for my lovers, but they deceived me: my priests and mine elders gave up the ghost in the city, while they sought their meat to relieve their souls.

20 Behold, O LORD; for I am in distress: my bowels are troubled; mine heart is turned within me; for I have grievously rebelled: abroad the sword bereaveth, at home there is as death.

21 They have heard that I sigh: there is none to comfort me: all mine enemies have heard of my trouble; they are glad that thou hast done it: thou wilt bring the day that thou hast called, and they shall be like unto me.

22 Let all their wickedness come before thee; and do unto them, as thou hast done unto me for all my transgressions: for my sighs are many, and my heart is faint.
