WORLD'S BEST KEPT SECRET IN CLONING RESEARCH

First and foremost, let me say that 2012 religious end time theories and transgenic- (genetic engineering) are scientific and occult based but being pushed by the New World Order dictators. It is the promotion of the wickedest of travesties distorted, debased illicit acts against humanity. I am not promoting these sinister practices and ideas of trans-humanism; I am exposing them from a Christian point of view.

Transgenics is the transfer of genetic information that is not normally present into the genome of a species (set of chromosomes; the full complement of genetic information that an organism inherits from its parents, especially the set of chromosomes and the genes they carry).. To create a transgenic species the relevant gene (*transgene*) is introduced into [stem cells](#), which are in turn introduced into a *blastocyst* (the product of the early cell division of a fertilized egg). If the resulting progeny have the transgene in their [germ cells](#) then transgenic species can be derived by breeding. The new characteristics of the resulting animals (their altered [phenotype](#)) reveal or confirm the function of the transgene. By introduction of genetic material to disrupt a gene into a species, such as mice, accurate models of human genetic diseases can be created. These so called 'knockout' animals are essential for

"But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him."

[1 Corinthians 2:9 KJV](#)

BUILDING A SUPERMAN

Sadly, life is becoming a Sc fi fusing together with Trans-human Programs and could replace the Eugenic Programs ... selective breeding as proposed human improvement of the human species by encouraging or permitting reproduction of only those people with genetic characteristics judged desirable by the world's dictators. These genetic programs have more than a hundred years of history invested in their development of ethnic cleansings. Now Genetics are being merged together with the transgenic programmes used to create the perfect human beings men and women

resembling Greek Gods with physical structures and Plato style minds that scientist could stimulate in the search for perfect beings. This would cause the view of the sanctity of life is sacred will disappear ending in the greatest genocide of entire races, handicap and imperfect humans that mankind has ever seen.

All New Age followers are taught they will suddenly reach a quantum leap and become gods; are we watching God's Creations leaping into roles of what they perceive as their godhood playing God?

The cloning of a sheep from the DNA of a single parent has shaken many people. The New York Times ran one banner suggesting, "Genius, long seen as a gift from God, could be shifted to human hands." Rabbi Moshe Tendler, a professor of Jewish medical ethics, mused that cloning another Einstein "might be nice."

Commentators joke about cloning another of themselves so that "they can be at two places at once." These ruminations and jokes make no sense when applied to

the possibility of cloning people. They may express deep-seated human fantasies and anxieties, but they have little to do with genetics and the way humans develop.

Creating exceptional or unique people, from a Hitler or Einstein or, to use more local examples, a Whitney Houston or the Jets' Neil O'Donnell, is more than a matter of cloning DNA.²

PHOTON BELT AND 2012

What am I saying according to New Agers and world leaders believed they are at the end of a 12,000 year galactic cycle on December 21, 2012. They claim, that a grand shift or a great cultural-religious transformation beginning a new order.

The world leaders fail to mention the significance of the Photon Belt and 2012 even though it has been prophesied for 1000's of years by many civilizations including the Mayans.

The Photon Belt (also called the Photon Band, Photon Ring, Manasic Ring, or Golden Nebula) is a [pseudo-scientific belief](#), largely linked to some parts of the [New Age Movement](#). It postulates that a belt or ring of [photons](#) is going to envelop the [Earth](#), causing a cataclysm and/or initiating a [spiritual transition](#) (referred to variously as a "shift in consciousness," the "Great Shift," the "Shift of the Ages,"^{[1][2][3][4][5]} the "Zero Point," or the "Ascension Point"^{[6][7][8][9]}), with the time

period leading up to "the Shift" referred to as "The [Quickening](#)." The concept of the Photon Belt also ties in to various phenomena including belief in [extraterrestrial intelligence](#) and [2012 millenarianism](#).

The core of the Photon Belt beliefs is that there is an immense belt of photons orbiting around the [Pleiades](#). According to some New Age beliefs, Earth will pass through this belt of photons, resulting either in humanity's elevation to a higher plane of existence, the [end of the world](#), or both. Authors Virginia Essene (born 1928) and Sheldon Nidle (born 1946) write that the Photon Belt represents a temporary window for spiritual transition during which time humans can reach a higher level of existence, which they term the "galactic" level.^[10]

The concept of the Photon Belt was first presented in 1950 by Paul Otto Hesse (died 1958) in his work *Der Jüngste Tag (The Last Day)*. This concept was

repeated and expanded upon by [Samael Aun Weor](#) in a lecture he gave in 1977 titled "The Rings of Alcyone," and in August 1981, when an article on the topic titled "And So Tomorrow" by Shirley Kemp was published in the *Australian International UFO Flying Saucer Research Magazine*.^[11]

Shadow Government” political elite and Third Wave-Prophetic Christian leaders are opening star gates and wormholes inviting supernatural beings (fallen angels-demons) to come through the spiritual veil into our visible world. These New Age groups are opening the spiritual dimensions between our physical and the spiritual world by magically creating Star gates or wormholes for passageways for “Ascended Masters” to enter. But it is happening! Unbelievable!

TRANSHUMANISM

The GloFish is a [patented](#) and [trademarked](#) brand of [genetically modified](#) (GM) fluorescent [zebrafish](#) with bright red, green, orange-yellow, blue, and purple [fluorescent](#) colors. Although not originally developed for the ornamental fish trade, it is one of the first genetically modified animals to become publicly available as a [pet](#).

A genetically modified organism (GMO) or genetically engineered organism (GEO) is an organism whose genetic material has been altered using genetic engineering techniques. These techniques, generally known as recombinant DNA technology, use DNA molecules from different sources, which are combined into one molecule to create a new set of genes. This DNA is then transferred into an organism, giving it modified or novel genes. Transgenic organisms, a subset of GMOs, are organisms which have inserted DNA that originated in a different species. Some GMOs contain no DNA from other species and are therefore not transgenic but cisgenic.

An ordinary zebrafish

The original zebrafish (or zebra danio, *Danio rerio*) from which the GloFish was developed is a native of rivers in [India](#) and [Bangladesh](#). It measures three centimeters long and has gold and dark blue stripes. Over 200 million have been sold in the last 50 years in the United States ornamental fish market. Despite the number of zebrafish sold, they have never established any wild populations in the United States, primarily because they are tropical fish, unable to survive in the [temperate North American](#) climate.⁴

In 1999, Dr. Zhiyuan Gong and his colleagues at the [National University of Singapore](#) were working with a gene that encodes the [green fluorescent](#)

[protein](#) (GFP), originally extracted from a [jellyfish](#), that naturally produced bright green [fluorescence](#). They inserted the gene into a zebrafish embryo, allowing it to integrate into the zebrafish's [genome](#), which caused the fish to be brightly fluorescent under both natural white light and ultraviolet light. Their goal was to develop a fish that could detect [pollution](#) by selectively fluorescing in the presence of [environmental toxins](#). The development of the constantly fluorescing fish was the first step in this process. Shortly thereafter, his team developed a line of red fluorescent zebra fish by adding a gene from a sea [coral](#), and orange-yellow fluorescent zebra fish, by adding a variant of the jellyfish gene. Later, a team of researchers at the National University of Taiwan, headed by Professor Huai-Jen Tsai (蔡懷禎), succeeded in creating a [medaka](#) (rice fish) with a fluorescent green color, which like the zebrafish is a [model organism](#) used in biology.

The scientists from NUS and businessmen Alan Blake and Richard Crockett from Yorktown Technologies, L.P., a company in Austin, Texas, met and a deal was signed whereby Yorktown obtained the worldwide rights to market the GloFish.

Genesis 1:26 "And **God** said, Let us make man in our **image**, after our likeness: and let them have dominion over the fish **of** the sea, and over the fowl **of** the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

WORLD'S BEST KEPT SECRET HUMAN CLONING

The world's first **human clone** of an adult has now been made, by an American biotechnology company in Massachusetts, Advanced Cell Technology. They took a cell from Dr Jose Cibelli, a research scientist and combined it with a cow's egg from which the **genes** had already been removed. (News November 1998).⁵

The **genes** activated and the egg began to divide in the normal way up to the 32 cell stage at which it was destroyed. If the clone had been allowed to continue beyond implantation it would have developed as Dr Cibelli's identical twin. Technically 1% of the **human clone genes** would have belonged to the cow - the mitochondria genes. Mitochondria are power generators in the cytoplasm of the cell. They grow and divide inside cells and are passed on from one generation to another. They are present in sperm and eggs. Judging by the successful growth of the combined human-cow clone creation it appears that cow mitochondria may well be compatible with human embryonic development.⁶

However the biggest piece of news is not what they did in **human cloning** - sensational enough - but the fact that they kept **cloning** secret for three years after doing it, and presumably they were trying to do it at least a couple of years before

that. Let's wind back the clock: these scientists had already carried out successful human **nuclear transfer** into an unfertilised egg before **Dolly the sheep** clone had been made. In other words, the huge **media** rush about Dolly came only because the Dolly scientists in Edinburgh came clean sooner. But even they omitted to tell us anything until Dolly was seven months old, well over a year after the **cloning** technique was successfully carried out and a good two to three years perhaps after they began their secretive work.

The lesson is this: today's headlines on **human cloning** tell us history. The big question is what's going on now? What experiments were completed in 1996, 1997 and 1998 that we won't know about until 1999 to 2001 - if then?⁷

Elsewhere on this site I describe my own conversations with a British scientist in the 1980s who was attempting then to clone human embryos - with some success. His purpose he said was to freeze clones to be used later for spare parts. Defrost a twin, implant it into a surrogate of a humanised ape and cull it for spares. Over a decade later he is still lying very low about his work.

There could be one benefit of the human to cow's egg transfers. Some people are very uneasy about creating a human embryo and then dismembering it, however early the stage, to obtain **embryonic stem cells** from which useful tissues might be grown. They might feel more comfortable with a hybrid solution, if it were shown that the embryonic cow-human **stem cells** were viable as tissue producers but not capable of becoming a baby.

However there are many other **ethical issues**. For a start it raises the biggest question of all: how many **human genes** does a cow or monkey have to gain before we give it human rights? In these human-cow clones one imagines every court in the world would agree that the child born would be capable of being prosecuted for murder, even though it would technically be 1% cow.

But what about other proportions? Humonkeys are within our capability and have been for several years. Scientists have already made geep (combined sheep and goat), and camas (combined camels and lamas) simply by rolling two balls of cells together after fertilisation. Monkeys and humans have 97% of **genes** in

common so if the right 1.6% were transferred from a human to a monkey we could land up with a monkey more human than animal.

These questions will need facing sooner than you may think. And for the theologians another question: how many **human genes** does an animal have to need salvation? **Christians**, Muslims and Jews believe that humans are made in the image of God. Human life is a mystery. What does that mean in the light of these extraordinary developments?⁸

MEN AND WOMEN WITHOUT SOULS

In 2008, during the American presidential election campaign, US Senator Hillary Clinton's handlers began to get clumsy and she was seen in two different places at once on a number of separate occasions. And not just in Iowa and New Hampshire.¹¹

It is suggested that over half the US Presidential hopefuls in 2008 were human clones. There were several of each of them. Was Hillary Clinton one of these or several of them? And how are the voters to discriminate? **Someone sees Hillary Clinton at a function across town at, say, 1.30pm. And then, when they compare notes with a Democratic Party co-worker later that day, they learn that Hillary was also seen back at the hotel at 1.30pm, three**

miles away. And her clothes were different, or her hair was different, or her makeup was different, and the people with her were different. Or, after a speaking engagement, the car drives Hillary Clinton away to Location A, where she is seen to get out of the car at, say, 10.45pm. But a co-worker sees her at 11.00pm at Location B thirty or forty miles away, except that Hillary Clinton and the car have not left Location A. And they couldn't drive that fast anyway, and Hillary's clothing or appearance is different, and the people with her are different. And the next day, arriving for an early morning meeting somewhere, Hillary comes from Location B, not from Location A. Meanwhile, she is seen having a late breakfast at Location A with different people. And so on.

How many different Hillary Clintons are there?¹²

Scientists Still Pushing for Human Cloning Amid Media Blackout

While the subject of cloning has not been in the news lately, people should realize that there are some scientists who still want human clones and politicians pushing for approval of human cloning for experiments.¹⁵

Bioethics Committee [published a report](#) suggesting a fresh look at the [2005 UN Declaration](#) against all human cloning, as well as encouraging a change in cloning terminology to sanitize the production of cloned human embryos to make it more acceptable. The committee proposed “different options for legal regulation of human

reproductive cloning (including the possibility of a moratorium)", essentially opening the possibility of future born human clones.

Redefining cloning terminology has been tried before, in an attempt to disguise facts. "Reproductive cloning" means the production of cloned embryos and gestation for a live birth. "Therapeutic cloning" or "research cloning" means the production of cloned embryos for the purpose of destroying them in

an attempt to get their embryonic stem cells.

The UNESCO committee proposed the following new definitions:

define human "reproductive cloning" as using the linear DNA nucleotide sequence of an existing human being to create an embryo, which is implanted into womb with the purpose to produce human baby.

The use of the terms "therapeutic" or "research" cloning to describe the process of obtaining pluripotent stem cells should be avoided. Instead, a term that describes the process rather than the intention behind it, such as "derivation of pluripotent cells" (by somatic cell nuclear transfer; re-programming (e.g. iPS) or any other existing or future technology) can be used.

If adopted, these slick new definitions would actually confuse the issue, disguising the fact that in either case, a human embryo is created, no matter what the final intentions for use of the embryo.¹⁶

Cloning Push in Congress

This same disingenuous playing with definitions is also contained in two bills before the U.S. Congress. Rep. Diana DeGette has filed [HR 4808](#), and Sen. Arlen Specter has filed [S 3766](#), ostensibly to allow federal taxpayer funding of human embryonic stem cell research. But hidden in the definitions is a provision that would actually allow taxpayer funding of human embryo cloning:

In this section, the term 'human cloning' means the implantation of the product of transferring the nuclear material of a human somatic cell into an egg cell from which the nuclear material has been removed or rendered inert into a uterus or the functional equivalent of a uterus.

What this actually says is that making cloned human embryos would be allowed, but that the embryos would have to be destroyed for experiments. The

scientific language describes “somatic cell nuclear transfer”, a.k.a., cloning; the “product” referenced is an embryo.

So, though DeGette and Specter claim they are banning human cloning, they are actually proposing federal taxpayer funding of human cloning for experiments. Rep. DeGette [claims she has the votes to pass her bill in Congress.](#)

Cloners International

Back on the international scene, there are still those trying to create cloned human embryos. Australian scientists recently [applied for a license](#) to make cloned human embryos for experiments.

The British Medical Research Council in collaboration with California’s cloning and embryonic stem cell institute also recently published a report pushing for human cloning. Trying to whip up fervor for human cloning (again preferring sanitized technical terms such as “somatic cell nuclear transfer (SCNT)”, “nuclear reprogramming”, or “nuclear transfer”), the [workshop report](#) goes to great lengths to develop justifications for human cloning experiments as a “useful tool”, with presentations by some of the leading proponents of human cloning, including Weissman, Mitalipov, Schöler, Wood, and Tuch. But the bottom line is that all of these as well as others including Zavos, Antinori, and the Raelians still want human clones.

Remember, these self-styled “Christian Leaders” are not Biblically founded, grounded or Holy Ghost appointed leaders but are false prophets. They have infiltrated large parts of the Christian Church and captured its people by teaching another gospel, another “cosmic Jesus” by another spirit. From their fantasized

minds, they have unleashed multitudes of bizarre demons and doctrines of devils worldwide. I believe that we are in the "Great Falling Away," 2 Thess. 2:3-4, **"Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; 4 Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God."** KJV

A MAN GROWN IN A PETRI DISH OBAMA'S BIRTH CERTIFICATE

Truth is stranger than fiction!

In Jewish folklore, an artificially created human supernaturally endowed with life. [Hebrew gölem, lump, clod, fool, from *gālam*, to wrap up.]

A "Golem,"

According to the Jews of the Kabala is a literal man made from mud; a mass of miscegenated protoplasm he truly is conjured up by a rabbi to destroy any and all enemies of the Jews.¹⁷

It represents nothing but a dead essence. Like tin man in the Wizard of Oz, it cannot feel, love, or hate. It can only obey its master and maker as it is manipulated by his strings. It's only a thing control by its puppet master.

GOD CREATED A LIVING BEING (ADAM) FROM DIRT

Satan is called the great imitator of God! He is not God but wishes to usurp His throne. In Job 1:6, "Now there was a day when the sons of God came to present themselves before the LORD, and Satan came also among them. [There was a day when the sons of God] All the versions, and indeed all the critics, are puzzled with the phrase sons of God; *b-nee y haa-°Elohiym*, literally, **sons of the God, or sons of the gods.** *The Vulgate* has simply *filiu dei*, *sons of God.* The Septuagint, **hoi angelo tou Theou, the angels of God.** *The Chaldee*, *kittey malachaiya*, **troops of angels.** *The Syriac* retains the Hebrew words and letters, only leaving out the demonstrative **he** (<START HEBREW>h<END HEBREW> h) in the word *haa-°Elohiym*, thus, *b-nee y °Elohiym*

The Arabic nearly copies the Hebrew also, *banoa Iloheem*; to which, if we give not the literal translation of the Hebrew, we may give what translation we please. Coverdale (1535) translates it, "**servants of God.**" *The Targum* supposes that this assembly took place on the day of the great atonement, which occurred once each year. And there was a day of judgment in the beginning of the year; and the troops of angels came, that they might stand in judgment before the Lord.¹⁸

GOD IS THE CREATOR OF MAN ~ SATAN CAN ONLY MAKE A CLONE ~ REPLICA
1COR. 15:45, "And so it is written, **"the first man Adam became a living being."**

The last Adam (Jesus) became **a life-giving spirit.** 15:46 "However, the spiritual is not first, but the natural, and afterward the spiritual. 15:47 **The first man was of the earth, made of dust;** the second Man is the Lord from heaven. (Humanly made in the ark of the New Testament, Mary, And **THE SEED OF THE WOMAN;** spiritually overshadowed by the Holy Ghost) 15:48 **as was the man of dust, so also are those who are made of dust; and as is the heavenly Man, so also**

are those who are heavenly. 15:49 And as we have borne the image of the man of dust, we shall also bear the image of the heavenly Man."

The third atom, (a golem ARTIFICIALLY made MAN of clay) satanically created by the 2nd Beast demonically inspired)?

Revelation 13:15, [**And he (the 2nd Beast, given power from the Dragon, Satan) had power to give life unto the image of the beast] (the first Beast out of the sea).** That is, that image (icon, figure) of the beast would be naturally powerless, or would have no life in itself. The second beast, however, had power to impart life to it, so that it would be invested with authority, and would exercise that authority in the manner specified.¹⁹

[**And he had power to give life unto the image of the beast that the image of the beast should both speak, (description of a manipulated puppet) and (the puppet will) because that as many as would not worship the image of the beast should be killed.**] I would just observe that the Brahmins, by repeating incantations, profess to give eyes and a soul to an image recently made, before it is worshipped; afterward, being supposed to be the residence of the god or goddess it represents, it has a legal right to worship. On this verse the learned professor observes: "The influence of the two-horned beast,

or corrupted clergy, is further seen in persuading and inducing mankind to make an image to the beast which had the wound by a sword, and did live."²⁰

The false prophet is a man who is possessed by the 2nd Beast that comes up from the earth. Revelation 13:11, [**And I beheld another beast coming up out of the earth]. The Devil gives the 2nd Beast and the false prophet a great signs and wonders ministry that will enable him to betray and trick the people of the entire world to worship the dead representation of a man that is possessed by the First Beast.**

Abaddon comes to mean "place of destruction", or the realm of the dead, and is associated with Sheol. (Job 26:6; Proverbs 15:11)

Revelation 9:1-11 describes *Abaddon* as being the king of the bottomless pit locusts that resemble battle horses with crowned human faces, having women's hair (*denoting length*), lions' teeth, locusts' wings, and the tail of a scorpion. (Description of Abaddon's demonic beings in his destructive end-time army).

Who is this ruling angelic being called the "Destroyer," who is released from the Abyss during God's wrath on mankind for their rejection of Jesus Christ in the last days of this age? Re

Remember, in Revelation 13:11, the 1st Beast, receive a strike that will kill him but whose deadly wound was healed, rules over the entire world, both clergy and laity. So, the 1st Beast will play the role of a fake resurrection that will convince the people of the world that he is the Christ God...

The definitive question is who is the man of sin? Is he a real man or could he be a clone? Could this man be a creation by the Devil working with magic or religious words by Frankenstein emulating zany scientists that will create a clone? This thing could be possessed by the spirit called Abaddon and Apollyon (both same demon ~ mean "destroyer), that will bring life to their

golem?" Will the fallen angel from hell give life to a man created by clay that will simulate the life of Jesus Christ to seemingly fulfill the Scriptures of the coming of the Messiah to deceive the Jews and people of the world?

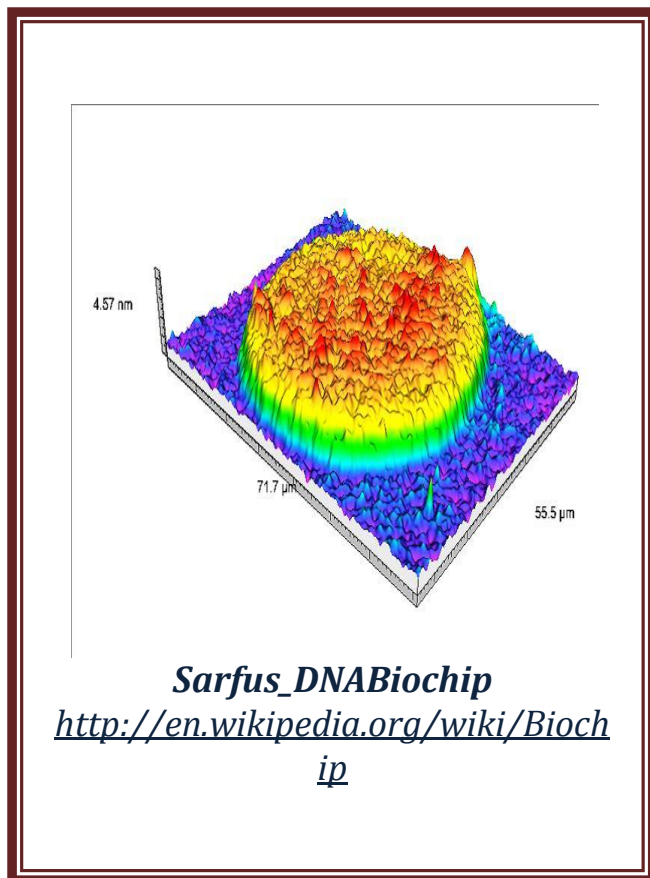

2 Thess. 2:3-4, *"Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; 4 Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as*

God sitteth in the temple of God, shewing himself that he is God," KJV

Rev 13:13-18, *"And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men, 14 And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live. 15 And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. 16 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: 17 And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. 18*

Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.”KJV

There are many key elements that direct a person to who and what the beast and its mark are. One element is an image is made that people bow down to and worship and another is it has a name. Bio-chips, social security numbers, government brandings, and other concoctions do not fit. If you take the number 666 and write it in the Hebrew numbering system using letters you come up with *vstr*, or *vav samech tav resh*. *Vav* is a prefix while the root *str* means secret or hidden. If you then look up the symbols of the letters they are nail, prop, cross, and head, and mean nail, prop, mark or sign, and head or leader. If you put these together it is the crucifix, the image of the beast. If you then take the name of the image, *jesus*, and add it up it comes to 616.

The True Messiah/Christ warned that if another came in his own name he would be accepted, and he said many will come saying they are the Messiah/Christ. He gave us the tools to figure out who this deceiver would be and pointed out the deceiver would sit in the temple of God making himself out to be God and the whole world would be deceived. No one is supposed to bow down to idols or serve them. This is what marks an individual. Do not bow down to them (mark on your forehead) and do not serve them (mark on your hand).²¹

Revelation 13:15

[That the image of the beast should both speak] Should give signs of life; should issue authoritative commands. The speaking here

referred to pertains to what is immediately specified, in issuing a command that they who "would not worship the image of the beast should be killed."²²

WASHINGTON – In a White House ceremony today, President Barack Obama signed an executive order to allow federal funding of research that will require the killing of human embryos.

**Obama Major Brain Surgery?
An Obot? Massive Head Scars**

This order reverses a policy instituted by former President George W. Bush in August 2001, which funded research on already-existing stem cell lines without encouraging any further destruction of human life.

Confronting the evil Hitlers again, they explain their origins. Note the tanks behind them.

Obviously the scientists who cloned them were bored in their underground bunker. So they cloned Kennedy for his leadership. Then they cloned Einstein for his genius. Elvis, over on the right was obviously cloned to entertain them. Then they thought "God, we're bored. I know, lets make clones of the most evil man who ever lived, that'd be a laugh!" It is nasty Hitler who has nicked Batman's body, so he can make the stupid bat clones. What a fiendish master plan!²³

"It is a sad day when the federal government will fund research that exploits living members of the human species as raw material for research," said Douglas Johnson, a spokesman for the National Right to Life Committee. **"Obama's order also places our society on a very steep, very slippery slope. Many researchers will not be satisfied to use only so-called surplus embryos. Many researchers are already demanding federal support for research in**

which human embryos would be created for the specific purpose of research, through human cloning and other methods, and there was nothing in the President's remarks today to limit NIH to the use of so-called surplus embryos created in IVF clinics.

"This sets the stage for an attack on the Dickey-Wicker law, which since 1995 has been a provision of the annual appropriations bills for federal health programs. This law prohibits federal funding of 'the creation of a human embryo or embryos for research purposes; or research in which a human embryo or embryos

are destroyed, discarded, or knowingly subjected to risk of injury or death . . . ' Any member of Congress who votes for legislation to repeal this law is voting to allow federal funding of human embryo farms, created through the use of human cloning."

Much of the press coverage anticipating Obama's order continued to ignore or downplay the striking advances made in recent years in research using stem cells from non-embryonic sources, including adult stem cells and reprogrammed adult body cells (iPSCs). Do No Harm, a coalition of scientists and researchers opposed to embryo-killing stem cell research (www.stemcellresearch.org), has posted a list of over 70 different disorders for which there have been one or more peer-reviewed scientific studies showing a measure of positive benefits in human patients.

In contrast, embryonic stem cells have yet to benefit a single human patient, and have proven most adept at generating tumors.

Regarding Obama's instructions to NIH to develop "strict guidelines" to govern embryonic stem cell research, Johnson commented, "**These so-called ethical safeguards are really merely procedural requirements, an attempt to cloak the fundamentally unethical act of sacrificing living members of our species, *homo sapiens*, in order to provide raw material for research.**"

Obama also issued a second directive purporting to free federally sponsored scientific research from the influence of "ideology." Johnson commented, "**Giving an absolutely free hand to elites of specialists can result in the ideology of the specialists being imposed on society as a whole. Scientific endeavors that**

utilize human subjects or otherwise pose dangers to innocent human life must always be subject to oversight by society as a whole, through regular democratic processes."

If thou art still crying after and craving after something better, Christ has not forgotten thee, for thou hast not quite forgotten Him. The believer cannot do without his Lord; words are inadequate to

express his thoughts of Him. We cannot live on the sands of the wilderness, we want the manna which drops from on high; our skin bottles of creature confidence cannot yield us a drop of moisture, but we drink of the rock which follows us, and that rock is Christ. When you feed on Him your soul can sing, "He hath satisfied my mouth with good things, so that my youth is renewed like the eagle's," but if you have Him not, your bursting wine vat and well-filled barn can give you no sort of satisfaction: rather lament over them in the words of wisdom, "Vanity of vanities, all is vanity!"

FLEE FROM THE WRATH OF GOD TO COME

These New Age teachers are actually putting together a new world religion that excludes the Gospel of Jesus Christ. They say that "all pathways" (religions) lead

to God and work to transform true Christians into New Age believers. When they separate the masses from faith in Jesus; then their demonic teaching goes something like this: “A group of Master Souls (called aliens, angels) have made themselves known to the world that they may give guidance to those who, in these troubled times are seeking Enlightenment. We are seeing the end results of communication with these illumined ones (demons); motivated by the New Age to 'point the way' to self-realization, godhood through the inner mysteries of the teachings of their (false) coming “the Christ” (NOT THE REAL JESUS CHRIST).

“A group of Master Souls (called aliens, angels) have made themselves known to the world that they may give guidance to those who, in these troubled times are seeking Enlightenment. We are seeing the end results of communication with these illumined ones (demons); motivated by the New Age to 'point the way' to self-realization, godhood through the inner mysteries of the teachings of their (false) coming “the Christ” (NOT THE REAL JESUS CHRIST).

"And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming:" 2 Thessalonians 2:8

- **Isa 51:7-8 "Listen to me, you who know righteousness, the people in whose heart is my law; DON'T you FEAR the reproach of men, neither be you dismayed at their insults. For the moth shall eat them up like a garment, and the worm shall eat them like wool; but my righteousness shall be forever, and my salvation to ALL generations."**

You must turn to Jesus while He can still be found because the world is dropping into great darkness; Antichrist is getting ready to make his appearance!

Thus, we must guard our faith and as Jesus warned us to be careful that no person could come and deceive us. Matt. 7:15-16, **“Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. 16 Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles?”** KJV

LUCIFERIC INITIATION GOD OF THIS WORLD

New Age Leaders Helena Blavatsky, Alice Bailey, Benjamin Creme, David Spangler and many others all have said the initiation into the New Age is a Luciferic one, that is one of light and illumination, a gnosis (exclusive

knowledge). Going through the initiation of light is the common thread of the New Agers mystical light, which is the ultimate goal of experience.²⁵

New Age Leaders, including Masters of the Illuminati, worship the god of this World, whose name is Sanat Kumara.²⁶ Bailey goes on to explain that Sanat Kumara is the "life and the forming intelligence", presiding over the Council of Shamballa [**the Heaven according to New Age doctrine**].²⁷ Further, Sanat Kumara is "the eternal youth from the Plant Venus. Lucifer is known in occulted lore as Venus. Therefore, Sanat Kumara is merely another name for Satan or Lucifer."²⁸

New Age followers are promoting the "Mystery of Iniquity." According to Bible, Lucifer (Satan) is the one who brings the New Age disciple to unity-with him. He is the initiator who invites mankind into the New Age. One thing for sure if one goes through Lucifer they are not coming out the other side, at least not wounded. To teach Lucifer is a good angel who brings light and revelation is warned against in scripture; for Satan and his angels can transform themselves into angels of light (2 Corinthians 11:14-15). They believe that Lucifer is not Satan and Lucifer is a good angel the light bearer. Deception is a charming but ruthless friend.²⁹

Ascended Masters, in the Ascended Master Teachings is derived from the Theosophical concept of Masters of Wisdom or "Mahatmas". They are believed to be spiritually enlightened beings who in past incarnations were ordinary humans, but who have undergone a process of spiritual transformation.^[1] The term "Ascended Master" was first introduced in 1934 with the publication of *Unveiled Mysteries* ^[2] by Guy Ballard in The "I AM" Activity.^[3] This term was further popularized by others in books like The Bridge to Freedom (1951), ^[4] The Summit Lighthouse (1958), ^[5] The Temple of The Presence (1995), ^[6] and various other organizations.^[7] ³⁰

Acknowledge Your Sin

For all have sinned and fall short of the glory of God - [Romans 3:23](#)

First, see yourself for what you are..., a sinner. Sin is tragic, vile...it blights, degrades, destroys. It has dire consequences: "The soul who sins is the one who will die (be separated from God forever)" "For the wages of sin is death, but the gift of God is eternal life"

Repent of Your Sin

Repent, then, turn to God, so that your sins may be wiped out... - [Acts 3:19](#)

Repentance is a change of mind, a change of heart, and it results in a change of actions. You must change your mind about sin and want God to end its mastery over you. After all, sin is so bad it took Christ's death to make forgiveness possible for you.

Believe in Christ

God So loved the world that he gave His only begotten Son, that whoever believes in Him shall not perish but have eternal life - [John 3:16](#)

Believe in the completed work Christ accomplished on the cross. You must believe that Christ substituted Himself for you, that He died for your sins (though He never sinned), and that He was resurrected from death. "The punishment that brought us peace was upon Him". Our sins nailed Him to the cross, and "by His wounds we are healed." Believe in the Lord Jesus, and you will be saved."

Make Your Decision

If you confess with your mouth, "Jesus is Lord" and believe in your heart that God raised Him from the dead, you will be saved. - [Romans 10:9](#)

You must believe in Christ and receive Him personally into your life by faith if you are to be saved from the power of sin and its consequences. "To all who receive Him, to those who believe in His name, He gave the right to become children of God". Will you pray to God something like this?

"God, I am convinced I am a sinner, and that Christ alone can save me. I willingly repent of my sinful life and believe Jesus Christ died for me. I want to receive Him as my personal Savior."

If you have just now accepted Christ as your personal savior, please let us know about your decision by filing out the form below. We would love to welcome you into the family of God. .³¹
